SUPERINTENDENT'S REPORT

To the Errol School Board :

I hereby submit for your consideration my eighth annual report of the Errol schools.

Teachers

At the close of the year, June 1941, we lost two of our teachers. Norman R. Hartfiel, headmaster, went to Madison High School and Irma H. Willard went to the fifth grade in Groveton. The vacancies were filled as follows: Theodore Lylis of Manchester was selected as headmaster and Ethel Bartlett from North Stratford was selected teacher of the intermediate grades.

Enrollment

The registration this year is as follows: Grade I—7; Grade II—7; Grade III—7; Grade IV—7; Grade V—6; Grade VI—4; Grade VII—5; Grade VIII—10; Grade IX—3; and Grade X—4. The total is 60. This registration includes 16 from Wentworth's Location and 9 from Millsfield.

Perfect Attendance

The following children were not absent or tardy during the year: viz., Edna Sweeney, John Sweeney, Clarice Sweeney, James Turner, Everett Turner, Norton Ferran, Harvey Raymond, Janice Warger, Jacqueline Bean, Arthur Muise and Irene Sweatt.

Graduates

The pupils who completed the work of the tenth grade on the twelfth of June were: Medora Juliet LaBerge, Ruth Treamer, Jean Louise Readio, Harold Stanley Sweatt, G'loria Elsie Arno, Loyd H. McNeal and John Uric Sweeney. This left the senior

high school rather small for the present year—seven pupils.

Transportation

James Jordan is the driver of the Millsfield route and transports eighteen pupils. Nine from Millsfield and nine from Errol. The State pays its proportional part of the transportation for the Millsfield children. Some children are boarded in lieu of transportation.

The sixteen children from Wentworth's Location are transported by Clayton Turner.

Supplies and Equipment

The regular supplies have been purchased, as in the past, in connection with the other districts of the supervisory union. By so doing, we are able to get lower prices on most of the things on account of the larger order placed at one time.

A liquid duplicator has been purchased to take the place of the Ditto machine that had not been doing very satisfactory work. The new machine is much appreciated by the teachers and pupils.

Health

The medical examination of the school children was made in September by Miss Nellie E. Stone, R. N., School Nurse, Colebrook. Miss Frances J. Varney, R. N., last year in her June report for 1940—1941, said that she found 14 pupils who were 10% or more underweight: 3 with defective vision: one defective hearing: and 26 with defective teeth. Eleven cases of defective teeth were reported corrected.

School Census

The returns of the census taken in September 1941 showed 23 boys and 17 girls in town between

the ages of 5 and 16. Five, between 5 and 8, were reported not in school. The total number of resident children accounted for in school was 35. This is two more than last year.

Statistics

The following data has been gleaned from the school registers of last year: The schools were in session 36 weeks net: the total school registration was 77—32 of whom were non resident (Millsfield 11 and Wentworth's Location 21): the percent of attendance was 93.13: 11 had a perfect attendance record for the year; 23 tardy marks were recorded which is 38 less than the previous year: 14 visits were made to the schools by the school board members: 102 visits by citizens: and 244 teacher visits were credited to the superintendent of schools. Four school board meetings were held during the year.

Home Economics and Manual Arts

Some very good work has been done by both departments. The girls have done considerable canning, cooking, serving meals and sewing. The boys have made many useful articles in the shop. Last year a very attractive sign board was made and set up on the main highway before entering the village of Errol.

Repairs

A flight of stairs was put to the attic so that the spare space could be used for much needed store-room.

Conclusion

The extra curricula activities are much enjoyed by the student body. They are a valuable asset to their training.

When a pupil is found to be slow in his accomplishments, the teachers make a special effort to render such assistance as may be needed so that the

pupil may bring his work up to a satisfactory standard. However, the teacher cannot do all of the work. The pupils must do their important share to get the desired results.

Lunch arrangements are the same as in previous years.

Respectfully submitted,

Alonzo J. Knowlton
